

# Yorkshire R.F.U

## NOTES FOR THE ASSISTANCE OF CLUBS

### 1. Replacements

For the Yorkshire Cup a squad of 22 players can be used, of which 5 players must be capable of playing in the front row.

For the Yorkshire Shield & Silver Trophy a squad of 19 players can be used, of which 5 players must be capable of playing in the front row.

For all finals a squad of 22 players can be used, of which 5 players must be capable of playing in the front row.

### 2. Pitch Enclosure

All clubs have been asked to pay strict attention to Rule 15 regarding the fencing off (or roping off) of the playing enclosure, and Referees are asked to make sure that there is no encroachment by spectators onto the enclosure. In the event of difficulties, Referees should be able to rely on co-operation from the club officials and should report any occasion when this is not forthcoming.

### 3. Early Warning

In matches played with an evening kick off and there is the possibility of postponement due to inclement weather, the home club should keep the visiting club as fully informed as reasonably possible, having particular regard to the distance to be travelled by the visiting club.

### 4. Match Cards

Match cards shall be filled in by both teams, giving the name of players and replacements plus the score. The cards are to be signed by the referee after each game. Match cards must then be posted to the Competitions Committee Hon. Secretary (address below) **TO ARRIVE NOT LATER THAN FIRST POST TUESDAY FOLLOWING A MATCH PLAYED ON A SATURDAY. FOR MIDWEEK GAMES, MATCH CARDS MUST ARRIVE NO LATER THAN TWO DAYS AFTER THE DATE OF THE MATCH.** Failure to comply could result in loss of Tie for the offending club.

5. The Committee trust that on all occasions when Ties are played clubs will play the strongest side that they have available.
